

FRESH TELECOMS

Company Profile

To print this page simply choose, File + Print from your PC and click OK.

Fresh Telecom's was established over 3 years ago and today are one of the leading dealers in NSW, Qld, ACT, WA & ACT for NEC, Avaya and Splicecom phone systems, as well as been an airtime provider; supplying our customers with competitive call rates for local, national, international and calls to mobile.

We have also become an Optus approved Dealership, allowing us to provide our customers with Mobile solutions for their business.

The management, staff and sub agents of Fresh Telecoms all have extensive background in Telecommunications, with experience working for other leading telco suppliers.

Our technicians provide our customers with phone solutions from small home office right through to large corporate installations requiring detailed project management.

As accredited agents for the leading Telecommunications products, Fresh Telecom's enjoys the full national technical support from their suppliers as well as ongoing training, to bring you the latest innovations in telecommunications.

Our commitment to service and maximum uptime of the installed systems means that we will only sell products where we have local technical support so that we can offer our customers a maximum of 2 hour response time 24 hours a day, 7 days a week.

We will be happy to furnish you a list of reference sites on request, to demonstrate our commitment to service and customer satisfaction.
